

## The Construction (Design & Management) Regulations

### Dutyholders Functions

#### Presented by:

Dr PETER SLINGER BSc LLB PhD MIOSH RSP MCIEH

Dr Slinger has 20 years experience working in the field of Health & Safety. He has worked as a Health and Safety Inspector for numerous authorities in the UK and has gained professional qualifications in legal and technical fields. Peter has also worked as a Senior University Lecturer in Health and Safety, training future Inspectors entering the profession. He now works as a Health and Safety Consultant and acts as an expert witness in legal cases.

**Aim of the Course:** To provide the key skills and knowledge required to enable dutyholders to comply with the CDM Regulations within the Isle of Man.

#### Objectives:

- To inform dutyholders of their Health and Safety responsibilities that exist under the CDM Regulations.
- To raise awareness of the hazards to Health and Safety that arise during construction.
- To enable dutyholders to carry out their statutory functions under the CDM Regulations.
- To reduce Health and Safety risks associated with construction projects.

**Methods used:** PowerPoint presentations, small group work & individual exercises.

## **Who should attend the course?**

The Training Programme has been specifically designed to provide dutyholders with the skills required to effectively manage construction and refurbishment projects to CDM standards.

## **Why should I attend this course?**

SafetyNet Ltd specialises in delivering Health and Safety training solutions to the construction industry. Our training packages are carefully tailored to cover the Health and Safety issues affecting all construction and refurbishment projects. Our CDM training course will enable dutyholders to fully comply with the incoming CDM Regulations.
