The Construction (Design & Management) Regulations 2003

Planning Supervisor Functions

Presented by:

Dr PETER SLINGER PhD. BSc. LLB. MIOSH. RSP. MCIEH. MaPS.

Dr Slinger has 20 years experience working in the field of Health & Safety. He has worked as a Health and Safety Inspector for numerous authorities in the UK and has gained professional qualifications in legal and technical fields. Peter has also worked as a Senior University Lecturer in Health and Safety, training future Inspectors entering the profession. He now works as a Health and Safety Consultant and acts as an expert witness in legal cases.

Aim of the Course: To provide the key skills and knowledge required to enable individuals to act as Planning Supervisors under the CDM Regulations 2003

Objectives:

- To provide information relating to the Health and Safety responsibilities of Planning Supervisors under the CDM Regulations.
- To raise awareness of the hazards to Health and Safety that arise during construction.
- To enable Planning Supervisors to carry out their statutory functions under the Regulations.
- To reduce Health and Safety risks associated with construction projects.

Methods used: PowerPoint presentations, small group work & individual exercises.
