## RISK ASSESSMENTS & METHOD STATEMENTS

### Presented by:

Dr PETER SLINGER BSc LLB PhD MIOSH MCIEH

Dr Slinger has 20 years experience working in the field of Health & Safety. He has worked as a Health and Safety Inspector for numerous authorities in the UK and has gained professional qualifications in legal and technical fields. Peter has also worked as a Senior University Lecturer in Health and Safety, training future Inspectors entering the profession. He now works as a Health and Safety Consultant and acts as an expert witness in legal cases.

**Aim of the Course:** To provide employers and employees with the key skills to undertake suitable and sufficient risk assessments and method statements relating to their work activities.

### Objectives:

- To learn about the Management of Health & Safety at Work Regulations.
- To understand the key duties and responsibilities placed upon employers under the regulations.
- To enable managers to carry out suitable and sufficient risk assessments with regard to their organisations work activities.
- To enable managers and employees to reduce risks at work by identifying hazards and selecting appropriate controls.
- To undertake risk assessment exercises using appropriate examples.

**Methods used:** PowerPoint presentations, small group work & individual exercises.
